Now in its 15th year, the organization has grown into a nonprofit built on three core frameworks:

- **Wellness Programming** – inclusive activities supporting holistic well-being for all

Ignite Wellness, the organization's annual initiative, unites these frameworks under one mission: to spark change and build a stronger, healthier community. As a nonprofit

Family Wellness relies on this campaign to fund and support its programming, education, and outreach efforts comprehensively — ensuring wellness remains accessible to all who need it.
